

5th International Conference

Keeping Children and Young People Safe Online

Warsaw, 20-21 September 2011, Marriott Hotel

invitation to attend

Polish and German Safer Internet Centers are pleased to invite you to attend the 5th International Conference "Keeping Children and Young People Safe Online", which will take place at the Marriott Hotel in Warsaw, on 20-21 September 2011. The main partner of the event is Orange Foundation. This year's conference will be held **under the Patronage of Polish Presidency of the Council of the European Union 2011**.

The Warsaw conference will bring together approx. 500 representatives from the education sector, NGOs, law enforcement, government and industry. The event will address a wide variety of issues relating to children's and young people's safety online, such as privacy in social networking sites, managing online identity, plagiarism, educational strategies and emerging trends online.

The aims of the conference are to raise awareness of the new challenges and opportunities in fighting online threats and to help share best practices across different sectors. Sessions will be led by recognised international experts in the field of child protection. The languages of the conference will be English and Polish. Simultaneous translation will be provided.

recruitment of participants

All interested are kindly requested to complete the application form available at http://www.saferinternet.pl/registration_en_2011 **till 26th August 2011**. Please note that due to a limited number of places sending the expression of interest does not guarantee your participation in the conference. Information about participation will be provided by 1st September 2011.

Participation in the conference is free of charge. The organizers cannot cover travel and accommodation costs for delegates.

Please consult the website <http://www.saferinternet.pl/articles-2011/accommodation.html> for information on hotels.
