KP implementing ILP methodologies throughout the organisation

Current situation

Identified area of development – INFORMATION SUBMISSIONS

KP needs to increase its range of intelligence products and quality

Intelligence products can only come from information submissions
Kosovo approximately 10000sq km
Population 1.8 million
KP 8000 approximately officers
Information submissions

Aims of the Project

- Project designed to encourage and promote the submission of information by staff and a migration from C1 form to 5x5x5
- Introduce and/or reinforce staff of ILP concept
- Focus on operational officers in all areas of activity
- Promote the value of information submission
- Promote the importance of staff within ILP
- Finally through increased information submission to increase the quality of intelligence products
Project Delivery

- SMT of KP briefed and buy in obtained
- Every operational officer to receive short power point presentation
- Every officer to receive the aide memoire card
- Posters to be placed in all stations reinforcing the briefing and the card information
- Pilot delivery in Ferizaj Region and then rollout country wide
- Briefings to be delivered by KP Regional Intel Officers
- KP has ownership of the delivery plan
Results so far

- Pilot delivered in Ferizaj in July 2015
- All regions completed by December 2015
- Briefings delivered to over 80% of staff
- Assessment of SMT KP messaging understood by the staff
- Regional Commander instructed all station commanders to provide a monthly report introduction of some assessment processes
- Intelligence function providing performance indicators.
- BONUS - The creation of a ‘control group’. In reality the start of basic Tasking and Coordination process in Ferizaj.

<tr>
<td>2016</td>
<td>1475</td>
</tr>
</tbody>
</table>
What Now?

- Continued assessment by DIA of information submissions
- Continued development of intelligence products based on increased submission
- Content assessment - QC
- The creation of TTCG meetings in all regions
Thank You
